GOOD LINEN are as essential to housekeeping as furniture. Y may be satisfied with the latter, but are you with the former? T designs may please you, but do the wearing qualities?

Almost every woman keeping house finds herself, at the of each year, replenishing her linen closet, especially with to as they receive more than three times the wear that other h hold linens do.

This is both expensive and annoying. The average desirous of conducting her home with as little expense as possible, a we can be of assistance, if they will but give us the opportunity.

Would it be a relief to know that you had purchased linen towels which would wear, not one or two years, but a lifetime?

This is a broad assertion to make, but it can be verified.

Some of our customers are now using goods purchased over 3(which show no indication of their having begun to wear out.

It is for this reason that we can be of assistance to you in sav ,, id demonstrates why our towels are the most economical in the market. During all the years we have imported these linens we have never had a complaint or lost a customer. On the contrary, people who purchased a few towels or a small quantity of toweling for trial never failed to order more.

Crapo Italian towels are most exclusive and will outwear any towel in the market.

They are made by hand from linen, every inch of which is positively hand-woven and grass bleached.

It has a great deal of body, which causes it to absorb moisture like a sponge, and will never wear linty.

Towels improve with use, becoming softer and glossier with each laundering.

The fringe is made by drawing the threads from body of linen, and on the higher grades the patterns vary considerably.

We also carry a full line of the toweling and a plain hand-woven linen, used for various purposes, and from which threads are easily and freely drawn. Prices and widths of these are to be found on another page.

Bear in mind, "The proof of the pudding is in the eating," and try some of our towels or linen. You will never regret it.

Natural and colored linens in different shades; also the loose-woven art linens.

Hand woven, round thread; that durable and serviceable kind, such as our great, great grandmothers spun and wove. Used for dresses, it does not require starching, consequently will not wrinkle or muss as other linen dresses do.

Very soft and glossy. If you wear a waist or dress of this material, one season, you will have no other thereafter.
